Preface	(vii)
Recommendations	(ix)
About the Author	(xv)
List of Tables and Figures	(xxi)

Chapter 1: Introduction 1

Chapter 2: Water Resources Availability 13

2.1	Introduction	13
2.2	River Systems in India in Brief	13
2.3	Water Resources Availability: Pollution	16
2.3.1	Environmental Pollution Issues	18
2.3.2	River Water Pollution	20
2.4	Irrigation Systems in India	26
2.4.1	General	26
2.4.2	Historical Perspective	30
2.4.3	Source-wise Irrigation	32
2.4.4	Groundwater	33
2.5	Local Political Syndrome: A Case Study	34
2.6	Concluding Remarks	41

Chapter 3: Inter-state Irrigation Projects – Role of Tribunals 43

3.1	Introduction	43
-----	--------------	----

(xviii) Contents

- 3.2 Historical Perspectives of Tribunals 45
- 3.3 Issues Pertaining to Data Selection 53
 - 3.3.1 Data Selection 53
 - 3.3.2 Dependable Water and Water Allocations 55
 - 3.3.3 Illogical and Unscientific Arguments 59
- 3.4 Drought Proneness and its Association with the Climate Change 71
- 3.5 Raising of Almatti Dam Height to 524.256 m 73
 - 3.5.1 A Manipulated Mathematics 73
 - 3.5.2 Practical Scenario 76
- 3.6 Technical Fraud in Krishna River Water Sharing 77
 - 3.6.1 Triple Impact Effect 77
 - 3.6.2 Important Note 80
 - 3.6.3 Practical Example to Understand “Triple impact” 81
- 3.7 Final Stroke: A Very Important Component 82
- 3.8 Concluding Remarks 83

Chapter 4: Inter-state Irrigation Projects – Disputes 87

- 4.1 Introduction 87
- 4.2 Inter-state and Intra-state Disputes 91
 - 4.2.1 Godavari River Waters 92
 - 4.2.2 Polavaram [Indira Sagar] Project 92
 - 4.2.3 Cost Effectiveness of the Project 95
 - 4.2.4 Polavaram Dam Divides Politicians 97
- 4.3 Submergence and Displacement 99
 - 4.3.1 Submergence 99
 - 4.3.2 Displacement 100
 - 4.3.3 Disputes 101

- 4.4 Practical Issues and Problems 104
 - 4.4.1 Progress in Projects 104
 - 4.4.2 Implementation of Rehabilitation and Resettlement [R & R] 104
- 4.5 Concluding Remarks 105

Chapter 5: Future of Water Resources in India 107

- 5.1 Introduction 107
- 5.2 Inter-linking of Rivers in India 108
 - 5.2.1 Introduction – Benefits and Problems 108
 - 5.2.2 Centre – State Legality Issues 113
 - 5.2.3 Reports on Inter-linking of Rivers 114
 - 5.2.4 Practical Issues 118
- 5.3 Godavari-Krishna Rivers – Linking Projects: A Case 121
- 5.4 Pros and Cons of Irrigation Systems in India 127
- 5.5 Concluding Remarks 129
