

# CONTENTS

## KEYNOTES

1. Numerical Modeling of Hybrid FRP Strengthened Short Concrete Columns under Eccentric Compression 1-5  
*Chellapandian M, Suriya Prakash S, Akanshu Sharma*
2. Interval Finite Element Analysis of Thin Plates 6-10  
*M. V. Rama Rao, Rafi L. Muhanna and Robert L. Mullen*
3. Moving Beyond Finite Elements: Towards Meshless Isogeometric Analysis 11-11  
*AmirthamRajagopal*
4. Imaging Preferential Pathways in Fractured Granites using ERT-Tracer Experiments and Numerical Simulations 12-14  
*KBVN Phanindra*

## STREAM I: STRUCTURAL ENGINEERING

5. Analysis of Dome for Different Pulse Loading History of Blast Load 17-25  
*Mohammed Sahal M. Kazi, Dipali Y. Patel*
6. A Seismic Design of Building-Equipment System using Conical Friction Pendulum Isolator 26-32  
*Meet M. Joshi, V. R. Panchal, D. P. Soni*
7. Study on Plain Surface with Wave Type Configuration Bar Reinforced Concrete Frame Subjected to Lateral Loads 33-38  
*Jaymesh V. Soni, Vijay R. Panchal, Nirpex A. Patel*
8. Seismic Response of Elevated Liquid Storage Steel Tanks Isolated by Polynomial Friction Pendulum Isolator 39-46  
*Uday H. Handiwala, V. R. Panchal*
9. Effect of Blast Loading on Pipe Rack for Varying Peak Overpressure 47-52  
*Aishwarya M. Sailor, Dipali Y. Patel, Anil Belani*
10. Seismic Response of Segmental Building Using Resilient Friction Base Isolator 53-60  
*Yuvrajsinh H. Rathod, V. R. Panchal, D. P. Soni*
11. Double Polynomial Friction Pendulum System for Seismic Isolation of Three Span Continuous Deck Bridge 61-67  
*Srushti S. Patel, V. R. Panchal, D.P. Soni, N. H. Chauhan*
12. Structural Behavior of Four Legged Transmission Line Tower Under Tornado Loading 68-72  
*Darshankumar R. Rana, V. R. Panchal*
13. Seismic Response of Liquid Storage Tank Isolated with Double Polynomial Friction Pendulum Isolator 73-79  
*Abdeali. K. Jiruwala, V. R. Panchal, D. P. Soni*
14. Effect of Multi-Support Excitation on Cable Stayed Suspension Hybrid Bridge 80-85  
*Parth K. Patel, V. R. Panchal*
15. Performance of Channel and Tee Types of Shear Connector in Composite Slab with Steel Decking at Elevated Temperature 86-95  
*Bhaumik kumar I. Patel, V. R. Panchal, Nirpex A. Patel*

16.	A Three Dimensional Non-Linear Finite Element Modelling of Top-Seat Angle Connection <i>D.R. Panchal, H.D. Devani</i>	96-102
17.	Analysis of Composite Laminated Plate using FEM <i>Nethravathi C, Sreenivasa M B</i>	103-110
18.	Evaluation of Response Reduction Factor of Aircraft Hangar Constructed by Double Layer Grid System <i>Satish N. Prajapati, Vijay R. Panchal, Jignesh A. Amin</i>	111-116
19.	An Energy Based Seismic Evaluation and Retrofit Strategy of Existing Reinforced Concrete (RC) Building by Energy Spectrum Method <i>K.J. Raval, V.R.Panchal, G.L.Rai, R.K. Sheth</i>	117-124
20.	Analytical Study on Two-Way Rectangular RC Slab with Opening at Different Locations <i>Katrodiya Daxesh G., Chauhan Neha H., Chauhan Ritesh L.</i>	125-132
21.	A Study on Retrofitting of RCC Industrial Building <i>B. Santhosh Reddy, D. Rupesh Kumar, K. Chaithanya Varada Prasasd</i>	133-141
22.	Influence of Modeling Aspects on the Seismic Performance of A Tall Building – Numerical Study on A Twenty Storeyed RC Framed Building <i>Mounika Lakshmipathi, Sreenivas Sarma Paraitham</i>	142-149
23.	Seismic Performance of A Retrofitted Building Using Various Numerical Models – A Comparative Study <i>Anil Kummitha, Sreenivas Sarma Paraitham</i>	150-159
24.	Influence of Modelling on the Effectiveness of Column Jacketing in the Seismic Performance of Arc Framed Building – A Comparative Study Using Three Alternative Materials (RCC, Steel, FRP) <i>Kolli Pavan, Sreenivas Sarma Paraitham</i>	160-171
25.	Application of 3D Printing for Building Prototype Model of Osmania University Arts College – A Case Study <i>L.Siva Rama Krishna, Aravind Reddy. G, Bhaskar Sudhakanth. V, Sriram Venkatesh</i>	172-177
26.	Development of Artificial Neural Network Model for Geopolymer Concrete <i>G.Sushma, D.Annapurna</i>	178-186
27.	Effect of Slope Combination on Dynamic Analysis of RCC Chimney <i>K. Chaithanya Varada Prasad, P. Anuradha, K.L. Radhika, B. Santhosh Reddy</i>	187-192
28.	Development of Mathematical Model for Geo-Polymer Concrete <i>V. Bhikshma, T. Naveen Kumar</i>	193-200
29.	A Comparative Study on Seismic Analysis of Irregular Framed Structure with Bare Frame, Open Ground Storey and Infilled Frame <i>Sirigiri Sowmya, K. L. Radhika</i>	201-216
30.	A Study on Skew Effect of Prestressed Concrete Bridges <i>Rupesh kumar D., Venkateswarlu R</i>	216-222

## STREAM II: WATER RESOURCES ENGINEERING

31.	Estimating Runoff Using SCS Curve Number Method <i>Zeenat Ara, Mohammad Zakwan</i>	225-230
32.	Daily River flow Modeling using Artificial Neural Networks <i>C.S.V. Subrahmanya Kumar, G.K.Viswanadh</i>	231-236
33.	Performance Evaluation of Daily Sediment Yield Transport Model Using Artificial Neural Networks <i>C.S.V. Subrahmanya Kumar, G.K.Viswanadh</i>	237-241
34.	Assessment and Evaluation of Groundwater Quality due to Landfill Leachate Using Fuzzy Logic <i>C.S.V. Subrahmanya Kumar G.K.Viswanadh S.Ramesh Kumar P. Jyothi Sree</i>	242-246
35.	Indian Summer Monsoon Rainfall Extremes Projections using Block Maxima Approach under Climate Change <i>K Shashikanth, M Prashanthi</i>	247-250
36.	ANFIS Model for Reservoir Operation <i>A. Saraswati Hiranmayi M. Anjaneya Prasad</i>	251-258
37.	Water Distribution Network Model Using EPANET <i>M. Anjaneya Prasad, K. Shashikanth, M. Redya Naik, M. Narender Reddy</i>	259-262
38.	Temperature Projections from GCMs Using Quantile Remapping Method <i>K. Shashikanth, RajsekharReddy, M. Anjaneya Prasad</i>	263-265

## STREAM III: TRANSPORTATION ENGINEERING AND CONSTRUCTION ENGINEERING MANAGEMENT

39.	Evaluation of Performance of Isolated Signalized Intersections and Design of a Coordinated Signal System by Using VISSIM Software <i>R. Srinivasa Kumar, K. Vinay Kumar</i>	269-276
40.	A Case Study of Mode Choice Analysis in Hyderabad City <i>S. Ramesh Kumar, M. Kumar, C.S.V Subrahmanya Kumar, Praveen</i>	277-282
41.	Evaluation of the Effect of Aggregate Gradation and Binder Parameters on Bituminous Mix Rutting <i>D. Rajashekar Reddy</i>	283-286
42.	Project Success Analysis of Contractor Organization Attributes using Regression Model <i>Balla Bhavani Shankar, Asem Ali Ahmed Alshahethi, K.L. Radhika</i>	287-292
43.	Factors Affecting Cost Estimation: A Case from Yemen Construction Projects <i>Asem Ali Ahmed Alshahethi, Balla Bhavani Shankar, K.L. Radhika</i>	293-300
44.	A Comparative Study of Different Contractor Selection Methods <i>S.V.S.N.D.L Prasanna, Kalithkar Rakesh</i>	301-310
