<i>Preface to Third Edition.....</i>	(v)
<i>Acknowledgements.....</i>	(vii)
<i>Format for Record Writing.....</i>	(xix)

<b>Syrups .....</b>	<b>1</b>
<b>Experiment 1</b>	
Simple Syrup IP .....	3
<b>Experiment 2</b>	
Orange Syrup BPC .....	5
<b>Experiment 3</b>	
Orange Syrup NF.....	7
<b>Experiment 4</b>	
Ephedrine Hydrochloride	
Syrup NF.....	9
<b>Experiment 5</b>	
Vasaka Syrup IP .....	11
<b>Experiment 6</b>	
Ferrous Phosphate	
Syrup IP .....	13
<b>Elixirs.....</b>	<b>17</b>
<b>Experiment 7</b>	
Piperazine Citrate	
Elixir BPC.....	19
<b>Experiment 8</b>	
Paediatric Paracetamol Elixir	
BPC .....	21
<b>Experiment 9</b>	
Cascara Elixir BP .....	23
<b>Linctuses.....</b>	<b>27</b>
<b>Experiment 10</b>	
Simple Linctus BPC.....	29
<b>Experiment 11</b>	
Paediatric Simple	
Linctus BPC .....	31
<b>Experiment 12</b>	
Codeine Linctus BPC.....	33
<b>Experiment 13</b>	
Paediatric Codeine Linctus	
BPC .....	35
<b>Experiment 14</b>	
Diabetic Codeine	
Linctus BPC .....	37

<b>Solutions .....</b>	<b>39</b>	<b>Liniments .....</b>	<b>65</b>																																																																																																									
<b>Experiment 15</b>																																																																																																												
Cresol with Soap		Turpentine Liniment IP .....																																																																																																										
Solution IP .....	41	67																																																																																																										
<b>Experiment 16</b>																																																																																																												
Aqueous Iodine Solution IP	43	<b>Experiment 25</b>																																																																																																										
<b>Experiment 17</b>																																																																																																												
Strong Iodine Solution IP ...	45	Camphor Liniment .....		69	<b>Experiment 18</b>				Weak Iodine Solution BP ...	47	<b>Experiment 27</b>		71	<b>Experiment 19</b>				Weak Iodine Solution IP....	49	<b>Suspensions .....</b>		<b>73</b>	<b>Experiment 20</b>				Strong Ammonium		<b>Experiment 28</b>		77	Acetate Solution IP .....	51	<b>Experiment 29</b>				<b>Experiment 21</b>				Strong Solution of		Magnesium Hydroxide			Ferric Chloride BPC .....	53	Mixture BP .....		79	<b>Experiment 22</b>				Surgical Chlorinated Soda		<b>Experiment 30</b>			Solution BPC .....	56	Aluminium Hydroxide Gel		83	<b>Experiment 23</b>				Chloroxylenol Solution		<b>Experiment 31</b>			BPC.....	59	Magnesium Trisilicate			<b>Experiment 24</b>				Sodium Chloride		Mixture BPC .....		85	Solution IP .....	62	<b>Experiment 32</b>				Paediatric Chalk Mixture			BPC .....	87	<b>Experiment 33</b>				Zinc Sulphide Lotion			BPC .....	89
Camphor Liniment .....		69																																																																																																										
<b>Experiment 18</b>																																																																																																												
Weak Iodine Solution BP ...	47	<b>Experiment 27</b>		71	<b>Experiment 19</b>				Weak Iodine Solution IP....	49	<b>Suspensions .....</b>		<b>73</b>	<b>Experiment 20</b>				Strong Ammonium		<b>Experiment 28</b>		77	Acetate Solution IP .....	51	<b>Experiment 29</b>				<b>Experiment 21</b>				Strong Solution of		Magnesium Hydroxide			Ferric Chloride BPC .....	53	Mixture BP .....		79	<b>Experiment 22</b>				Surgical Chlorinated Soda		<b>Experiment 30</b>			Solution BPC .....	56	Aluminium Hydroxide Gel		83	<b>Experiment 23</b>				Chloroxylenol Solution		<b>Experiment 31</b>			BPC.....	59	Magnesium Trisilicate			<b>Experiment 24</b>				Sodium Chloride		Mixture BPC .....		85	Solution IP .....	62	<b>Experiment 32</b>				Paediatric Chalk Mixture			BPC .....	87	<b>Experiment 33</b>				Zinc Sulphide Lotion			BPC .....	89									
<b>Experiment 27</b>		71																																																																																																										
<b>Experiment 19</b>																																																																																																												
Weak Iodine Solution IP....	49	<b>Suspensions .....</b>		<b>73</b>	<b>Experiment 20</b>				Strong Ammonium		<b>Experiment 28</b>		77	Acetate Solution IP .....	51	<b>Experiment 29</b>				<b>Experiment 21</b>				Strong Solution of		Magnesium Hydroxide			Ferric Chloride BPC .....	53	Mixture BP .....		79	<b>Experiment 22</b>				Surgical Chlorinated Soda		<b>Experiment 30</b>			Solution BPC .....	56	Aluminium Hydroxide Gel		83	<b>Experiment 23</b>				Chloroxylenol Solution		<b>Experiment 31</b>			BPC.....	59	Magnesium Trisilicate			<b>Experiment 24</b>				Sodium Chloride		Mixture BPC .....		85	Solution IP .....	62	<b>Experiment 32</b>				Paediatric Chalk Mixture			BPC .....	87	<b>Experiment 33</b>				Zinc Sulphide Lotion			BPC .....	89																		
<b>Suspensions .....</b>		<b>73</b>																																																																																																										
<b>Experiment 20</b>																																																																																																												
Strong Ammonium		<b>Experiment 28</b>		77	Acetate Solution IP .....	51	<b>Experiment 29</b>				<b>Experiment 21</b>				Strong Solution of		Magnesium Hydroxide			Ferric Chloride BPC .....	53	Mixture BP .....		79	<b>Experiment 22</b>				Surgical Chlorinated Soda		<b>Experiment 30</b>			Solution BPC .....	56	Aluminium Hydroxide Gel		83	<b>Experiment 23</b>				Chloroxylenol Solution		<b>Experiment 31</b>			BPC.....	59	Magnesium Trisilicate			<b>Experiment 24</b>				Sodium Chloride		Mixture BPC .....		85	Solution IP .....	62	<b>Experiment 32</b>				Paediatric Chalk Mixture			BPC .....	87	<b>Experiment 33</b>				Zinc Sulphide Lotion			BPC .....	89																											
<b>Experiment 28</b>		77																																																																																																										
Acetate Solution IP .....	51	<b>Experiment 29</b>				<b>Experiment 21</b>				Strong Solution of		Magnesium Hydroxide			Ferric Chloride BPC .....	53	Mixture BP .....		79	<b>Experiment 22</b>				Surgical Chlorinated Soda		<b>Experiment 30</b>			Solution BPC .....	56	Aluminium Hydroxide Gel		83	<b>Experiment 23</b>				Chloroxylenol Solution		<b>Experiment 31</b>			BPC.....	59	Magnesium Trisilicate			<b>Experiment 24</b>				Sodium Chloride		Mixture BPC .....		85	Solution IP .....	62	<b>Experiment 32</b>				Paediatric Chalk Mixture			BPC .....	87	<b>Experiment 33</b>				Zinc Sulphide Lotion			BPC .....	89																																
<b>Experiment 29</b>																																																																																																												
<b>Experiment 21</b>																																																																																																												
Strong Solution of		Magnesium Hydroxide			Ferric Chloride BPC .....	53	Mixture BP .....		79	<b>Experiment 22</b>				Surgical Chlorinated Soda		<b>Experiment 30</b>			Solution BPC .....	56	Aluminium Hydroxide Gel		83	<b>Experiment 23</b>				Chloroxylenol Solution		<b>Experiment 31</b>			BPC.....	59	Magnesium Trisilicate			<b>Experiment 24</b>				Sodium Chloride		Mixture BPC .....		85	Solution IP .....	62	<b>Experiment 32</b>				Paediatric Chalk Mixture			BPC .....	87	<b>Experiment 33</b>				Zinc Sulphide Lotion			BPC .....	89																																										
Magnesium Hydroxide																																																																																																												
Ferric Chloride BPC .....	53	Mixture BP .....		79	<b>Experiment 22</b>				Surgical Chlorinated Soda		<b>Experiment 30</b>			Solution BPC .....	56	Aluminium Hydroxide Gel		83	<b>Experiment 23</b>				Chloroxylenol Solution		<b>Experiment 31</b>			BPC.....	59	Magnesium Trisilicate			<b>Experiment 24</b>				Sodium Chloride		Mixture BPC .....		85	Solution IP .....	62	<b>Experiment 32</b>				Paediatric Chalk Mixture			BPC .....	87	<b>Experiment 33</b>				Zinc Sulphide Lotion			BPC .....	89																																															
Mixture BP .....		79																																																																																																										
<b>Experiment 22</b>																																																																																																												
Surgical Chlorinated Soda		<b>Experiment 30</b>			Solution BPC .....	56	Aluminium Hydroxide Gel		83	<b>Experiment 23</b>				Chloroxylenol Solution		<b>Experiment 31</b>			BPC.....	59	Magnesium Trisilicate			<b>Experiment 24</b>				Sodium Chloride		Mixture BPC .....		85	Solution IP .....	62	<b>Experiment 32</b>				Paediatric Chalk Mixture			BPC .....	87	<b>Experiment 33</b>				Zinc Sulphide Lotion			BPC .....	89																																																								
<b>Experiment 30</b>																																																																																																												
Solution BPC .....	56	Aluminium Hydroxide Gel		83	<b>Experiment 23</b>				Chloroxylenol Solution		<b>Experiment 31</b>			BPC.....	59	Magnesium Trisilicate			<b>Experiment 24</b>				Sodium Chloride		Mixture BPC .....		85	Solution IP .....	62	<b>Experiment 32</b>				Paediatric Chalk Mixture			BPC .....	87	<b>Experiment 33</b>				Zinc Sulphide Lotion			BPC .....	89																																																													
Aluminium Hydroxide Gel		83																																																																																																										
<b>Experiment 23</b>																																																																																																												
Chloroxylenol Solution		<b>Experiment 31</b>			BPC.....	59	Magnesium Trisilicate			<b>Experiment 24</b>				Sodium Chloride		Mixture BPC .....		85	Solution IP .....	62	<b>Experiment 32</b>				Paediatric Chalk Mixture			BPC .....	87	<b>Experiment 33</b>				Zinc Sulphide Lotion			BPC .....	89																																																																						
<b>Experiment 31</b>																																																																																																												
BPC.....	59	Magnesium Trisilicate			<b>Experiment 24</b>				Sodium Chloride		Mixture BPC .....		85	Solution IP .....	62	<b>Experiment 32</b>				Paediatric Chalk Mixture			BPC .....	87	<b>Experiment 33</b>				Zinc Sulphide Lotion			BPC .....	89																																																																											
Magnesium Trisilicate																																																																																																												
<b>Experiment 24</b>																																																																																																												
Sodium Chloride		Mixture BPC .....		85	Solution IP .....	62	<b>Experiment 32</b>				Paediatric Chalk Mixture			BPC .....	87	<b>Experiment 33</b>				Zinc Sulphide Lotion			BPC .....	89																																																																																				
Mixture BPC .....		85																																																																																																										
Solution IP .....	62	<b>Experiment 32</b>				Paediatric Chalk Mixture			BPC .....	87	<b>Experiment 33</b>				Zinc Sulphide Lotion			BPC .....	89																																																																																									
<b>Experiment 32</b>																																																																																																												
Paediatric Chalk Mixture																																																																																																												
BPC .....	87	<b>Experiment 33</b>				Zinc Sulphide Lotion			BPC .....	89																																																																																																		
<b>Experiment 33</b>																																																																																																												
Zinc Sulphide Lotion																																																																																																												
BPC .....	89																																																																																																											

<b>Emulsions .....</b>	<b>91</b>	<b>Experiment 44</b>	
<b>Experiment 34</b>		Tooth Powder.....	119
Liquid Paraffin Emulsion BP .....	97	<b>Experiment 45</b>	
<b>Experiment 35</b>		Face Powder.....	121
Cod Liver Oil Emulsion BP .....	99	<b>Experiment 46</b>	
<b>Experiment 36</b>		Oral Rehydration Salts (ORS) IP.....	123
Castor Oil Emulsion .....	101	<b>Experiment 47</b>	
<b>Experiment 37</b>		Compound Effervescent Powder BPC .....	125
Liquid Paraffin and Magnesium Hydroxide Emulsion BPC .....	103	<b>Experiment 48</b>	
<b>Experiment 38</b>		Effervescent Granules .....	127
Oily Calamine Lotion BPC.....	105	<b>Suppositories .....</b>	<b>131</b>
<b>Experiment 39</b>		<b>Experiment 49</b>	
Calciferol Emulsion.....	107	Boric Acid Suppositories .	139
<b>Powders.....</b>	<b>109</b>	<b>Experiment 50</b>	
<b>Experiment 40</b>		Chloral Hydrate Suppositories.....	142
Eutectic Powder .....	111	<b>Experiment 51</b>	
<b>Experiment 41</b>		Zinc Oxide Suppositories .	145
Explosive Powder .....	113	<b>Experiment 52</b>	
<b>Experiment 42</b>		Glycerol Suppositories BP .....	148
Dusting Powder .....	115	<b>Collodions .....</b>	<b>151</b>
<b>Experiment 43</b>		<b>Experiment 53</b>	
Insufflation.....	117	Salicylic Acid Collodion BP .....	153

<b>Lotions.....</b>	<b>155</b>	<b>Throat Paints .....</b>	<b>175</b>
<b>Experiment 54</b>		<b>Experiment 62</b>	
Salicylic Acid Lotion		Compound Iodine Paint	
BPC.....	157	BPC .....	177
<b>Experiment 55</b>		<b>Enemas.....</b>	<b>179</b>
Aminobenzoic Acid Lotion		<b>Experiment 63</b>	
BPC .....	159	Glycerin Enema.....	181
<b>Mouthwashes and</b>		<b>Inhalations .....</b>	<b>183</b>
<b>Gargles .....</b>	<b>161</b>	<b>Experiment 64</b>	
<b>Experiment 56</b>		Benzoin Inhalation BPC...	185
Compound Sodium Chloride		<b>Experiment 65</b>	
Mouthwash BPC.....	163	Menthol Inhalation BPC ..	187
<b>Experiment 57</b>		<b>Experiment 66</b>	
Zinc Sulphate and Zinc		Menthol and Eucalyptus	
Chloride Mouthwash		Inhalation BPC .....	189
BPC.....	165	<b>Semisolid Dosage</b>	
<b>Experiment 58</b>		<b>Forms .....</b>	<b>191</b>
Chlorhexidine Gluconate		<b>Experiment 67</b>	
Mouthwash .....	167	Kaolin Poultice BPC .....	195
<b>Experiment 59</b>		<b>Experiment 68</b>	
Phenol Gargle BPC.....	169	Zinc Gelatin Jelly BPC ....	198
<b>Experiment 60</b>		<b>Experiment 69</b>	
Potassium Permanganate		Sodium Alginate Jelly .....	200
Gargle BPC.....	171		
<b>Experiment 61</b>			
Povidone- Iodine Gargle...	173		

<b>Experiment 70</b>	<b>Nasal Drops .....</b>	<b>227</b>
Lubricating Jelly .....	Ephedrine Hydrochloride	
202	Nasal Drops BPC .....	229
<b>Experiment 71</b>	<b>Incompatibilities .....</b>	<b>231</b>
Simple Ointment BP .....	Mixtures with Physical	
204	Incompatibilities.....	233
<b>Experiment 72</b>	<b>Experiment 81</b>	
Sulphur Ointment BP.....	Ephedrine Hydrochloride	
206	Nasal Drops BPC .....	229
<b>Experiment 73</b>	<b>Experiment 82</b>	
Non Staining Iodine Ointment	Mixtures with Chemical	
with Methyl Salicylate	Incompatibilities.....	235
BPC.....	Therapeutic	
208	Incompatibilities.....	241
<b>Experiment 74</b>	<b>Experiment 83</b>	
Methyl Salicylate Ointment	Mixtures with Physical	
BPC.....	Incompatibilities.....	233
210	<b>Experiment 84</b>	
<b>Experiment 75</b>	Ephedrine Hydrochloride	
Bentonite Gel .....	Nasal Drops BPC .....	229
212	<b>Appendices</b>	
<b>Experiment 76</b>	<b>Appendix 1</b>	
Cold Cream.....	Definitions of Selected	
214	Drug Categories .....	243
<b>Experiment 77</b>	<b>Appendix 2</b>	
Vanishing Cream .....	Preparation of Pharmaceutical	
216	Ingredients.....	247
<b>Experiment 78</b>	<b>Appendix 3</b>	
Compound Zinc Paste BP	Synonyms of	
218	Formulations .....	252
<b>Experiment 79</b>	<b>Appendix 4</b>	
Diclofenac Gel.....	Categories (uses) of	
220	Formulations .....	255
<b>Ear Drops .....</b>		
<b>Experiment 80</b>		
Chloramphenicol Ear Drops		
BPC.....		
225		

<b>Appendix 5</b>	
Examples of Pharmaceutical Ingredients .....	259
<b>Appendix 6</b>	
Glossary of Important Pharmaceutical Terms .....	264
<b>Appendix 7</b>	
Some Important Latin Terms and Abbreviations.....	268
<b>Appendix 8</b>	
Important Conversions .....	272
<b>Appendix 9</b>	
Frequently Asked Questions.....	273
<i>References</i> .....	281
