S.No.	Title	Page No.
ENGINEERING STRUCTURES		
1.	Shear Strength of Monolithic Geopolymer Concrete by ACI 318 <i>Sumanth Kumar B* and Prof. D Rama Seshu</i>	3
2.	Experimental Investigation on Strength Characteristics of Self-Curing Concrete: A Sustainable Approach <i>Mahesh Navnath Patil and Shailendrakumar Dubey</i>	5
3.	Study of behaviour of Uniaxial column bonded with Basalt FRP wraps <i>Toufeeq Anwar* and Shaik Abdul Rafi</i>	7
4.	Shear performance of RC members retrofitted with Basalt FRP <i>Toufeeq Anwar*, Syed Jawwad Ahmed, Mohammed Rehan Ali and Syed Jafer Hussaini</i>	9
5.	Utilization of Industrial Wastes GGBS in Regular Concrete by Material Replacement Technique <i>Ramansh Bajpai and Deepesh Singh</i>	11
6.	Experimental investigation on the use of waste (PET) fibre as a supplement of fine aggregate in concrete <i>A. Monika Thokchom, B.Chitra Shijagurumaum* and C.Thokchom Suresh</i>	14
7.	Flexural Strength of Steel-Concrete Composite Beams with Flexible Shear Connector: Numerical Studies <i>A. Sougata Chattopadhyay and B. Umamaheswari .N*</i>	16
8.	Numerical Investigation on Pullout response of Steel Fibers in Concrete <i>A. Thiagarajan. K and B.Umamaheswari. N*</i>	18
9.	Behavior of concrete columns confined by using various FRP composite strips under axial loads <i>G.N. Narule* and V.P. Kare</i>	20
10.	Durability Studies on Pumice Lightweight Aggregate Self Compacting Concrete” <i>N. Ramanjaneyulu, Dr. M. V. Seshagiri Rao and Dr. V.Bhaskar Desai</i>	22
11.	Strengthening properties of concrete using industrial waste like coal bottom ash and marble dust and its microstructural investigation <i>A. Sunil Kumar*, B. Dr. Shobha Ram and C. Gaurav Chand</i>	25
12.	Developing bio-concrete in laboratory and investigating its mechanical, structural and self-healing properties <i>S. Nirala, P. Kumar, J. Kumar, K. Paul* and D. Prasad</i>	27
13.	Review on Applications of Fiber Reinforced Concrete (Frc) In Structures <i>Kapil Prabhat Verma*, Dr. Shobha Ram and Gaurav Chand</i>	30
14.	Experimental Investigation on Manufactured Sand CFST Column <i>Dhiraj D. Ahiwale, Rushikesh R. Khartode, Giridhar N. Narule and Kamalkishor M. Sharma</i>	32

15.	Durability studies on high strength concrete <i>K. Ramesh, J. Karthikeyan and S. Srikanth*</i>	34
16.	Cross Section Optimization Of A Truss Subjected To Various Ground Motions Using Salp Swarm Algorithm <i>Sistla Saiteja* and Kalyana Rama J. S</i>	36
17.	A Study on Punching Shear Strength of Fiber Reinforced High Volume Fly Ash (HVFA) Concrete Slabs <i>P.V.Hari Krishna and Dr. Ch. N. Sathish Kumar*</i>	38
18.	Pozzolanic Efficiency of Local Crushed Bricks for use as Supplementary Cementitious Material <i>Mrigakshee Sarmah, Mani Mohan and Birendra Kumar Singh*</i>	40
19.	Study on Optimization and Efficiency of Outrigger system as Virtual Outriggers <i>B. Venkat Rao*, T. Manasa Lakshmi, Mallika Alapati and G.K. Viswanath</i>	42
20.	Review On Sustainable Utilization Of Different Solid Waste Materials In Construction Industry <i>Priyanka*, Dr. Shobha Ram and Gaurav Chand</i>	44
21.	A comparative study of GFRP and steel stiffened plates with rectangular opening <i>Subramanian Anitha Priyadharshani*, Anumolu Meher Prasad and Ranganathan Sundaravadivelu</i>	46
22.	A Study On The Effectiveness Of Helically Wound Reinforcing Bars As Anchorages <i>Eshwar sai Battu*, Ashok Amara, Sai deep Samanthula, Rakesh Pilli, and Dr. C B Kameswara Rao</i>	48
23.	Study on behaviour of welded and bolted T-joints in circular hollow sections <i>A. Biju V*, B. Dr. Bindhu KR, and C. Dr. Lalumangal</i>	50
24.	Compressive strength assessment of concrete mixed with binary blends of GGBS and RHA as partial replacement in cement <i>G. Kishore Kumar*, Dr. R. Dayakar Babu, and L N V N Vara Prasad</i>	52
25.	Performance evaluation studies on the efficiency of WTC as partial replacement in coarse aggregate in ternary blended concrete <i>B. Siva Ganesh Raja*, Dr. R Dayakar Babu, and Ch. Bhaskara Rao</i>	54
26.	Concrete Carbonation in Blended Cement <i>Paritosh Kumar Singh, Mani Mohan* and Birendra Kumar Singh</i>	56
27.	Numerical Analysis of Three Legged Articulated Tower Supporting 5MW Offshore Wind Turbine <i>Chinsu Mereena Joy*, Anitha Joseph and Lalu Mangal</i>	58
28.	Optimization of Clay Filled Flood Soil as Fine Aggregate and Source Material in Fly Ash Based Geopolymer Mortars <i>Sreedevi Lekshmi*, J. Sudhakumar, Reesha Bharath, and Sunitha K Nayar</i>	60
29.	A Comparative Study on Mechanical and Durability behavior of Ternary Blended Mortars incorporating GGBS, Alccofine and Silica Fume. <i>A. Arnab Mondal, B.Dr Kushal Ghosh*, and C.Dr Partha Ghosh</i>	64

30.	An Experimental study on durability of mortar manufactured using Fly Ash, Silica Fume and Alccofine as Additives. <i>Santanu Mondal, B.Dr Kushal Ghosh and C.Dr Partha Ghosh</i>	66
31.	Predicting The Strength And Permeability Of Porous Concrete Pavement Using Feed-Forward Neural Networks Strategy <i>T. Srinivas*, D.Tarangini and Dr. P Sravana</i>	68
32.	Optimizing Pervious Concrete Mix Using Response Surface Methodology <i>Y.Swathi*, D.Tarangini and Dr. P Sravana</i>	70
33.	Dynamic analysis of RC tall structural systems as per IS 16700: 2017 <i>S.B. Umesh, B.O. Naveen*, C. Suraj, L.S. Manjunath, and A.B. Suhas</i>	72
34.	Experimental Investigation on Deflection and Strength Characteristics of Reinforced Concrete Slab with Recycled Plastic Fillers <i>Swethaa. B, Rekha. M and Ramya. S</i>	74
35.	Effect of shear wall on seismic performance of high-rise Buildings <i>V.SuryaPrathap*, B.Rohini, G.Sreenivasulu, and Chenna Rajaram</i>	75
36.	Estimation of Seismic damage and retrofitting measures of Reinforced Concrete framed buildings <i>A. Naveen and Chenna Rajaram</i>	77
37.	Effect of silica modulus of sodium silicate solution on the Flyash and Ggbs based Geopolymer concrete <i>G.Vikas and T.D.Gunneswara Rao*</i>	79
38.	Effects of Ground Granulated Blast Furnace Slag on Properties of Conventional Concrete <i>S Manissa* and K C Panda</i>	81
39.	Numerical Study on Bolted Moment End Plate Connection Joining Hollow Tubular Sections <i>V Ramana Kollipara*, and Prof. T.D. Gunneswara Rao</i>	83
40.	Vibration based structural damage detection using model updating techniques <i>Ashwin Ashok* and S. Arun</i>	85
41.	Evaluation of seismic damage parameters for reinforced concrete frame buildings. <i>Rachel Beulah.E and Chenna Rajaram*</i>	87
42.	Energy Dissipation of RC Beam-column Joint Confined by different Types of Lateral Reinforcements <i>Ashish B. Ugale* and Suraj N. Khante</i>	89
43.	Light Weight Bricks or Blocks – A State of the Art Review <i>D.Nikhil Kumar* and Dr. P. Rathish Kumar</i>	92
44.	Mechanical And Durability Studies On High Performance Self-Compacting Concrete Containing Wollastonite Microfibers <i>J. Vishali, Durga Prasad R* and A. Jyothirmai</i>	94
45.	A Comparative Study of the Compressive Strength Properties of Geopolymer Mortar made with Fly ash-GGBS and Fly ash-Red mud <i>M. Srinivasula Reddy, Dinakar Pasla, and B. Hanumantha Rao</i>	96

46.	Utilization of Industrial Wastes GGBS in Regular Concrete by Material Replacement Technique <i>Ramansh Bajpai and Deepesh Singh</i>	98
47.	Usage of Copper Slag & Nano-Silica: Enhancement of the Properties of High Strength Concrete <i>Mallikarjuna Reddy K*, and M Naga Venkata Dayakar Reddy</i>	101
48.	Partial Replacement of Recycled plastic waste for Coarse and Fine aggregates in Concrete Paver Blocks <i>Dakshatha H P, Udhay M, and Dr. G Kavitha</i>	103
49.	Utilization of Id slag as a partial replacement to natural coarse aggregates in concrete paver blocks. <i>Harindra Kumar G, and Dr. G Kavitha</i>	105
50.	Effect of Response Reduction Factor, R on Seismic Drift Response of Buckling Restrained Braced Frames <i>Muhamed Safeer Pandikkadavath* and Romanbabu Oinam</i>	107
51.	Residual Stress-Strain Curve And Modulus Of Elasticity Of Concrete Subjected To Uniaxial Load And Temperature Concurrently <i>V.S.Vani</i>	109
52.	Durability of Self Compacting Concrete in Acidic Environment in cooperation with Mineral Admixtures <i>A. Deep Tripathi*, B. Rakesh Kumar, C. P. K. Mehta and D. Amrendra Singh</i>	111
53.	Durability of Rice Husk Ash Concrete in Acidic Environment <i>A. Amrendra Singh*, B. Rakesh Kumar, C. P. K. Mehta, and D. Deep Tripathi</i>	113
54.	Eco-Friendly Utilization of Industrial Sludge as a Building Material: A Study of Steel Industries in Tarapur Region, Maharashtra <i>Tarang Jobanputra*, Vaidik Gajera and Gaurav Kapse</i>	115
55.	Durability Performance of high strength concrete with copper slag and carbon fiber admixture <i>kHima Bindu and G.Lalitha</i>	117
56.	Development of fragility curve for existing soft storey RC building with varying soft storey heights using HAZUS method <i>A. Srikanth and B. Narender*</i>	120
57.	Review on performance evaluation of Geopolymer concrete <i>Ishita Verma* Shobha Ram Nirendra Dev and Gaurav Chand</i>	122
58.	Mix Proportioning of High Strength Concrete Using VSI Sand <i>R. R. Khartode, D. A. Nikam and G. N. Narule</i>	124
59.	Damage Assessment of Reinforced Concrete multi-storeyed SMRF Buildings <i>Pritam Hait*, Arjun Sil and Satyabrata Choudhury</i>	126
60.	Experimental Investigation on effect of Binder Index on Compressive & Flexural Strengths of GPC with different Alkaline to Binder ratios. <i>R. Shankaraiah, B.Sesha Sreenivas and D. Rama Seshu</i>	128

61.	Potential Use of Waste-Glass Powder in Concrete: State of the Art <i>Deepa Paul* and Bindhu K.R.</i>	129
62.	Image-based analysis of concrete deterioration <i>V. Guru Prathap Reddy, B. Murali Krishna, L. Pranay Kumar, T. Tadepalli, P. Rathish Kumar, K. Gopi Krishna, M. Shashi, and MVN Sivakumar</i>	131
63.	Decay of Blended Geopolymer Concrete in Acidic Environment <i>A.K.Mallinadh, T.Chandra Sekhar Rao*, and N.V.Ramana Rao</i>	133
64.	Use of Sugarcane Bagasse Ash in Concrete as Sand Replacement for Resistance to Sustained Elevated Temperatures <i>S. Jadon and S. Kumar*</i>	135
65.	Configuration of Lateral Force Resisting Elements for Minimization of the Torsion in Asymmetrical Buildings <i>Muhammed Masihuddin Siddiqui* and Prof. N. Murali Krishna</i>	137
66.	A Review on the Effects of Various Influence Factors in Formation of Geopolymer Binder <i>Suebha khaton, A.K.Kaliluthin, and Ashwin Raut</i>	140
65.	Light Transmitting Concrete Blocks <i>Zeeshan Shah Khan, Mohammed Safiuddin*, Shaik Khaleel and Abdullah Sharieff</i>	142
66.	An Appraisal on Shear Strength of Concrete for Different Codes <i>Ch. Manjula*, Sumanth Kumar B and D Rama Seshu</i>	144
TRANSPORTATION ENGINEERING		
67.	Comparison of Energy Consumption and Cost of Perpetual Concrete and Flexible Pavement <i>A. Abhijit Shinde*, B. Rohit Bodhgire, and C. Vijay Kakade</i>	149
68.	Performance analysis of an uncontrolled and a controlled intersection in Silchar city, Assam <i>N. Chanda</i>	151
69.	Effect of Signal Countdown Timer on Performance of Signalized Intersection <i>Nawal Kishor Singh and Arpan Mehar</i>	153
70.	Effect of Pedestrian Characteristics on Traffic Performance at Uncontrolled Intersections using Micro Simulation <i>L. Govinda, D. Abhigna, S. Eswar and K.V.R Ravishankar*</i>	155
71.	Calibration of Stairways connecting Foot over bridge in Intercity Railway Stations using Micro Simulation- VISWALK <i>S. Eswar*, L. Govinda and K.V.R. Ravishankar</i>	157
72.	VISSIM Based Analysis of Road Network in Bengaluru. <i>Vinutha K S*, Mr.Mruthyunjay S K and Dr. Vivek R Das</i>	159
73.	Effect of Aggregate Shape Factors on the Performance of Bituminous Mixtures <i>B. Giri Babu, Kakara Srikanth* and Venkaiah Chowdary</i>	161
74.	Evaluating the Lateral and Longitudinal Deviation of the Vehicles Approaching at the signalized intersection. <i>Kishore. S.R, and Vivek R Das*</i>	163

75.	Travel Time Prediction in Mixed Traffic Conditions Using Non Linear Modelling <i>Jaya Krishna Jammla* and Ravi Shankar KVR</i>	165
76.	Effect of roadside friction elements on traffic characteristics of urban arterials - a systematic review and a pilot study <i>Shishodiya Ghanshyam Singh* and S. Vasantha Kumar</i>	167
77.	Role of Transit Oriented Growth Centres in Transformation of the Urbanization Process for Hyderabad Metropolitan Region <i>A. Chandrakumar Yadav Jala, B.Kumar M, C. Prashanth Shekar Lokku* and D. Prasad CSRK</i>	169
78.	Analysing the Travel behaviour for compact and sprawl Area <i>A. Prashanth Shekar Lokku*, B. Yezzu Chandrasekhar, C. Prasad CSRK and D. Abhigna D</i>	171
79.	Influence of Aggregate Shape Factors on the Performance of Bituminous Mixtures <i>B. Giri Babu, Kakara Srikanth* and Venkaiah Chowdary</i>	173
80.	Laboratory Evaluation of Construction and Demolition Waste as an Alternate Material in Various Flexible Pavement Layers <i>R. Sudhakar, Kakara Srikanth* and Venkaiah Chowdary</i>	175
81.	Development of passenger car units for estimating saturation flow at signalized intersections in mixed traffic conditions <i>Sushmitha Ramireddy*, Eswar Sala and Ravi Shankar K V R</i>	177
82.	Estimation of Passenger Car Unit and Capacity Using Infrared Sensor Data on Multilane Divided Intercity Highways <i>Sandeep Singh*, Rajesh Kumar Panda, Dinesh Kumar Saw, and S. Moses Santhakumar</i>	179
83.	A Novel Approach to Use Waste Plastic in Bituminous Mixtures <i>Arjun Kumar Tirumali, Bhanuchander Konda* and Venkaiah Chowdary</i>	181
84.	Speed-Flow-Density Relationship – A Case Study on Shivamogga City <i>Syed Yaseen Afshad*, Naveen Navale and Arun V</i>	183
85.	Modeling of Time Headway Distribution on Multilane Divided Intercity Highways under Mixed Traffic Condition <i>Sandeep Singh, Nidhi Kathait*, M. Kishore, S. Satheesh, K. Gunasekaran and S. Moses Santhakumar</i>	185
86.	Effect of exclusive bus lane on travel time for urban mid-blocks <i>Punith B. Kotagi*, Rohineesha A S, Likhitha M and Varsha H M</i>	187
87.	Capacity Analysis of Roundabout by Indo-HCM and SIDRA Intersection <i>Revansidda* and Mruthyunjay S K</i>	189
88.	Study On Pedestrian Behaviour At Intersections <i>Kavya S* and Mr.Mruthyunjay S K</i>	191
89.	Optimization of signal cycle length using VISSIM - A Case Study <i>Ch.Vasavadatta, J.Venkateswara Rao* and R.Gokulan</i>	193

90.	Use of shredded plastic in DBM mix and evaluation of its laboratory performance <i>P R Vikas*, Venkatesh B R* and Dr. G Kavitha*</i>	195
91.	Investigation of rheological properties of waste plastic modified bitumen <i>N. Sai Rahul Reddy* and V. Sunitha</i>	197
92.	Impact of Land use, Socio-Economic Profile & Metro Rail on BRTS Ridership: A Case of Surat <i>Dr. Pankaj Prajapati* and Disha J. Pachchigar</i>	199
93.	Understanding Crowding in Public Transport <i>Prajapati Pankaj* and Shah Malay</i>	201
94.	Laboratory Evaluation of Recycled Concrete Aggregates for Base and Sub-base Course of Low Volume Roads <i>B. Sudharshan Reddy, G.Sreenivasa Reddy* and C. Sashidhar</i>	203
95.	OSD performance of vehicles manoeuvre on un-channelized roadway: Case study in Nellore, India <i>Uma Sai Krishna.P, Purushottham.D* and Sai Pradeep.P</i>	205
96.	Evaluation of Existing Pavement for Hot In-Place Recycling and Design of Recycling Mixes <i>Dr. Amarendra Kumar. Sandra</i>	206
97.	Asset Management in Highway Infrastructure Decision making <i>Pattabhiram Yegulla, Dr. Amarendra Kumar Sandra* and Dr. P. Sravana</i>	209
98.	Redesign of Palace Road Bengaluru as per TENDER SURE Guidelines. <i>Krutika M Huragi*, Mr.Srinivasa V, and Mr. Madhav M P</i>	211
99.	Driver Behavior Analysis Using Trajectory Data At Urban Mid-Block Section For Mixed Traffic Conditions <i>Sowjanya* and Dr.S. Moses Santhakumar</i>	213
100.	Effect of waste materials as alternative of natural resources for sustainable bituminous paving mixes <i>Jagadeesh Gopalam, Jyoti Prakash Giri* and Mahabir Panda</i>	215
101.	Impact Of Mode Shift Behaviour with the Introduction Of Metro rail Service From Nagole To Miyapur Corridor In Hyderabad City <i>S Praveen*, S Ramesh Kumar, and M Kumar</i>	217
GEOTECHNICAL ENGINEERING		
102.	Compaction and Strength Characteristics of Eggshell Powder and Flyash Based Geopolymer <i>P. Shekhawat*, R. M. Singh and G. Sharma</i>	221
103.	Application of similitude rules in geo-technique and foundation engineering: Shake table test with scaled down model pile[Paper ID:GT-005] <i>M.K.Pradhan*, Shuvodeep Chakaraborty, G.R.Reddy and K.Srinivas</i>	223

104.	Numerical Analysis of Group of Spin Fin Piles under Different Loading Conditions <i>A. I.Dhatrak, N. G. Tale and S. W. Thakare</i>	226
105.	Reduction of Lateral Earth Pressure on Piled Retaining wall Subjected to Surcharge Load by using Geofom Inclusion <i>Dr. A. I. Dhatrak, S. A. Belsare and Prof. S. W. Thakare</i>	228
106.	Chelant Effect on the Removal Efficiencies of Artificially Spiked Heavy Metals from Nano Calcium Silicate (NCS) Treated Soils <i>A.A.B. Moghal, S.A.S. Mohammed*, M.A.A. Shamrani and A. Almajed</i>	230
107.	Effect of Enzyme in binding soil grains to improve its geotechnical behaviour <i>M.A. Lateef, S.A.S. Mohammed*, A. Almajed and A.A.B. Moghal</i>	232
108.	Impact of Sewage water intrusion on Bearing Capacity and Dewatering by ElectroKinetic Remediation <i>M V Parikshith, C S Darshan and K Rajath</i>	234
109.	Effectiveness of copper slag blended with lime on the strength of fine-grained subgrade soil <i>G.R. Harish* and T.N.Rajendra</i>	236
110.	Enhancement of sub grade soil strength using activated fly ash and fiber reinforcement <i>A. Malathi Narra and B.Monica Seles</i>	238
111.	Sonic Integrity Tests for Under-reamed piles – A Case Study <i>K. M. Kouzer* and P. G. Dileep Kumar</i>	240
112.	A Study On Thermal Conductivity Of Coarse And Fine Grained Soils <i>Suravarapu Sairam, and Kadali Srinivas</i>	242
113.	Examining the Applicability of Micro-pile for Bridge Foundation in Difficult Terrain Using Pile Load Test <i>Shubham Srivastava*, Mohd. Zain and Rajesh Kumar</i>	244
114.	Response of fly ash-bentonite based landfill liner to chemical solutions <i>G Suneel Kumar, Ede Lakshmi Suresh Babu and Rabi Narayan Behera*</i>	247
115.	Utilization of Fly Ash-Bentonite Mixture as an Alternate Liner Material <i>Vamsi Alla, Rishab Das and Rabi Narayan Behera*</i>	249
WATER RESOURCES ENGINEERING		
116.	Urban Flood Inundation Mapping using HEC-RAS – Case Study <i>V Swathi, K. Srinivasa Raju* and V Anirudh Reddy</i>	253
117.	Entropy-based spatiotemporal patterns of the daily rainfall variability in the Krishna river basin, India <i>G.Ravi Kumar and R.Maheswaran*</i>	255
118.	Effects of land use and land cover changes on surface runoff of a semi-urban catchment <i>Joygopal Jena* S. Nath and D. Satpathy</i>	257
119.	Capacity Assessment of Dnyanganga Reservoir, Maharashtra by Geospatial Technology for	259

	Sustainable Water Resource Management. <i>P. K. Kedar* S.A. Gaikwad, M. M. Kulkarni, S. D. Bhagat and S. K. Ghanekar</i>	
120.	Effective Water Resources Management by using Web-Enabled Sensors and Communication Networks <i>Dr. A. G. Matani</i>	261
121.	Estimation of Rainfall of Nizamabad District Using Autoregressive Model <i>B. Ramakrishna, CH. Rama Rao and CH. Sanjeev</i>	263
122.	Application of non-destructive evaluation techniques for analysing drip emitter clogging patterns <i>Venkata Ramamohan Ramachandrula* and Ramamohan Reddy Kasa</i>	265
123.	Development of flood forecasting model for godavari subbasin using mike 11 <i>Sandeep nerella, muske srujan teja and p.raja sekhar</i>	267
124.	Overland flow simulation using artificial neural networks (ANNs) <i>Ankit Chakravarti, Nitin Joshi and Himanshu Panjiar</i>	270
125.	Performance of flexible mattress as protection for local scour around spur dikes <i>Lisha Sunny* and K.P. Indulekha</i>	272
126.	Risk Assessment of Flooding and Riverbank Erosion of Vamanapuram River Basin <i>Merin Jude and Indulekha K.P.</i>	274
127.	Holistic Assessment of Abstractions from Precipitation using Programming Language <i>Aman Srivastava*, Pennan Chinnasamy and Leena Khadke</i>	276
128.	Estimating parameters associated with well hydraulics by developing groundwater software model <i>Aman Srivastava*, Pennan Chinnasamy and Leena Khadke</i>	278
129.	2D numerical modelling of short-term morphological change in meander bends <i>K.P. Indulekha and R.L. Abhijith*</i>	280
130.	Sub Watershed Prioritization Based on Morphometric Characteristics Using Fuzzy Logic <i>B. Naga Malleswara Rao</i>	282
131.	Analysis of Precipitation for Improve Watershed to Krishna River <i>J Gopala Rao*, Gunwant Sharma and Sudhir Kumar</i>	284
132.	Monthly reference evapotranspiration estimation using ANN model for Surathkal, Karnataka <i>M. Sarika* and A.Mahesha</i>	286
133.	AHP-TOPSIS Method Approach for Priority Analysis of a Small Hydro Power Project <i>Shilpesh C. Rana* and Jayantilal N. Patel</i>	288
134.	Performance of permeable concrete for ground water recharge in HBTU campus: Kanpur <i>Himanshu Tripathi and Dr. Sunil Kumar*</i>	290

135.	Quality and quantity analysis of water resources in part of Hirakud command area addressing water logging and quality issue for canal irrigation <i>B. Pradhan and P.C. Swain*</i>	292
136.	Suspended sediment concentration measurements using acoustic dopplerverlocimeter <i>K.P. Indulekha , Sebin xavier and Aiswarya Prabhu</i>	294
137.	Analysis Of Water Column Separation Phenomenon In Pumping Main <i>G. Deepchand* and E.Venkata Rathnam</i>	296
138.	Management Aspects of Surface Irrigation-Yield Loss Due to Water Logging in Godavari Basin-India <i>A. Dhavaleswar Rao Bhandaru, B. Dr. RVRK Chalam, C. Sunitha Chilaka and D. Reshma. Tabassum</i>	298
139.	Spatial trends in ground water recharge with respect to landuse and precipitation in Wardha sub-basin, India <i>R. Deshpande, M Sargaonkar, A. Sharma* and R. Kadaverugu</i>	300
140.	Comparison between Remote Sensing Based Drought Indices for Telangana Region <i>Soumyasree Dixit*, Mahesh Ramesh Tapas, Syed Tayyaba and K. V. Jayakumar</i>	301
141.	The Analysis of Non-stationarity and Evolution of Droughts <i>Das Subhadarsini and N.V.Umamahesh</i>	303
142.	Use of linear programming to determine optimal cropping pattern for irrigated and rain fed regions of bidar district. <i>Dileep Kumar Kanna and M.N. Dandigi</i>	305
ENVIRONMENTAL ENGINEERING		
143.	Selective removal of trace hexavalent chromium by new class of redox-active adsorbents <i>Renuka Verma* and Sudipta Sarkar</i>	309
144.	Health risk assessment of street vendors at a traffic intersection of Bangalore <i>Dr. Smaranika Panda</i>	311
145.	Screening of substrates for the removal of heavy metals from acid mine drainage (AMD) <i>A. Shweta Singh* and B. Saswati Chakraborty</i>	313
146.	Performance analysis of two chamber microbial fuel cell to control the output voltage <i>P.X Nancy Grace*, D. Vasanthi and S.Amalraj</i>	315
147.	Blending methanol as renewable fuel in transportation sector towards controlling air pollution <i>Dr. Ashok and G. Matani</i>	317
148.	Molecular simulation applied to membrane water treatment: A review <i>A. Megha Mohan* and B.Pramada.S.K</i>	319
149.	Temporal variation of air pollutants concentration over Chennai <i>Athira. T and Agilan. V*</i>	320
150.	A lab scale batch study of free water surface constructed wetland for water hyacinth plantation <i>A. Nema*, K. D. Yadavand and R. A. Christian</i>	321

151.	An assessment on the effects of propanol as additive with Calophyllum Inophyllum biodiesel-diesel blends <i>Anant G. Nagpure*, W.S.Rathod and Supriya Bobade</i>	323
152.	A Review on Determination of Emerging Environmental Pollutants in Surface water using Chromatography/ Mass Spectrometry Techniques <i>G.T.N.Veerendra*, Dr. B.Kumarvel and Dr. M.Mohana Krishna Reddy</i>	325
153.	Mitigation of alkali-induced heave in transformed kaolinitic clays using flyash and GGBS <i>P.Lakshmi Sruthi and P. Hari prasad Reddy*</i>	327
154.	Performance Of Cementitious Binders In Stabilization Of Chromium Waste In A Landfill <i>Swapnil Tiwari and Dr. Sunil Kumar</i>	329
155.	Removal of Heavy Metals from Wastewater and Advancement through Zeolites-A Review <i>G V Sai Krishna and M Chandra Sekhar</i>	331
156.	Application of Geo-spatial Method for Mapping of Air Pollutants <i>Karan singh and Deepesh Singh</i>	333
157.	Surface Water Quality Assessment of Ganga River with reference to Water Quality Indices <i>Shivam Mishra and Deepesh Singh</i>	336
158.	Real-Time Ambient Carbon Monoxide Ward–Wise Mapping for Bengaluru City <i>Rajesh Gopinath*, Monica Krishna GM, Pratik Kumar Sinha, Nitish Kumar and Deepak Tripathi</i>	338
159.	Treatment Technologies Used for Treating Tannery Wastewater Effluent- A Review <i>Korpe Sneha and P.V. Rao</i>	340
160.	Carbon Sequestration in Imphal West District: A Mitigation to Climate Change <i>Abdulla Azarudeen A* and Thiyam Tamphasana Devi</i>	342
161.	Assessment of Physico-Chemical Parameters of Ground Water Qualities In Aurangabad City, Maharashtra. <i>Shinde Priyanka S,* B. Prof. R.V. Wanjule and C. Principle H.H. Shinde</i>	344
162.	Review on Application of Sewage sludge as fertilizer <i>A. Nithin Kumar, Dr. M. Chandra Sekhar* and M. Sagarika</i>	346
163.	High resolution air quality modelling for sustainable urban planning <i>Rakesh Kadaverugu*, Asheesh Sharma and Chandrasekhar Matli*</i>	348
164.	Review on Pretreatment of Ricestraw in anaerobic digestion <i>M. Sagarika, P. Vekateswara Rao* and A. Nithin</i>	349
165.	Optimization of Process Parameter by RSM for Removal of Methylene Blue Using Stem of Water Hyacinth <i>Rajnikant Prasad* and K.D Yadav</i>	351
166.	Spatial And Temporal Variation Of Groundwater Quality In Warangal City <i>Prasanta Majee and P. Hari Prasad Reddy*</i>	353
167.	Environmental Management Systems of Dairy Industry Effluents <i>Vasam Vinila, Ankita Tamta and Ambika S*</i>	355

168.	Fuzzy hyper graph analysis of Solar still with Influence of nano-coated (CuO) in basin to expenditure of polypropylene Honeycomb Material <i>Y. Ramadevi and S. Shanmugan</i>	357
169.	Sullage water used in solar still with Permanence of waste contamination water makes bio Ash by Evaluation of sustainable environments <i>C. Suresh, S. Shanmugan, V. Chithambaram and A. Gangadurai</i>	359
170.	Feasibility Of Application Of Natural Coagulants To Treat Blackwater <i>Kiran Patil G S, Udaya Simha L, and Rohini Pradeep</i>	361
REMOTE SENSING AND GIS		
171.	Mulberry cultivation in Manipur: An alternative for sustainable livelihood <i>Deepali Gaikwad* and Thiyam Tamphasana Devi</i>	365
172.	Soil Salinity modelling and mapping of Honnali region using Remote sensing and GIS <i>Varsha Chandran V.* and K.P. Indulekha</i>	367
173.	Drone Remote Sensing Technology for the Sustainable water resources management of small scale water bodies <i>Manavalan</i>	369
174.	Use of simple NDVI for assessment of urban green cover in Vellore using very high resolution Worldview-4 satellite data <i>Sangeetha Gaikadi* and S. Vasantha Kumar</i>	371
