

CONTENTS

Preface..... (vii)

CHAPTER 1

Hospital and its Organization

Definition.....	1
Classification	1
Organization	4
Administration	5
Functions	5
Medical Staff and their Duties	6
Questions	7

CHAPTER 2

Hospital Pharmacy and its Organization

Definition.....	9
Origin and Development.....	9
Organizational Structure	10
Location and Layout.....	11
Staff and Infrastructure	13
Infrastructure	15
Functions	15
Role and Responsibilities of a Hospital Pharmacist	18
Responsibilities of Hospital Pharmacists....	18
Questions	19

CHAPTER 3

Adverse Drug Reactions

Introduction	21
Reasons or Predisposing Factors for ADR .	21
Reducing or Preventing ADR.....	22
Classification of ADR.....	22
Differences between Type I and Type II ADR.....	25

Methods of Detecting and Monitoring ADR	25
Management of Adverse Drug Reactions – Role of Pharmacists	26
Drug Interactions.....	27
Reasons for Drug Interactions	27
Problems in Detecting Drug Interactions ...	28
Uses of Drug Interaction Reports	28
Classification of Drug Interactions.....	28
Drug Interaction Examples.....	30
Questions	32

CHAPTER 4

Community Pharmacy

Organization	35
Structure	36
Types and Design	37
Layout and Design.....	38
Legal Requirement	40
Dispensing of Proprietary Products.....	41
Maintenance of Records of Retail and Wholesale Drug Stores	42
Questions	43

CHAPTER 5

Drugs Distribution System in a Hospital

Introduction	45
Distribution to Outpatients	46
Dispensing to Inpatients	46
Charging of the Prescribed Drug	50
Pricing Policy	51
Dispensing of Narcotics or Controlled Substances	51
General Conditions.....	52
Questions	53

CHAPTER 6

Hospital Formulary

Introduction	55
Objectives	56
Content	56
Guiding Principles to Include or Exclude a Drug in the Formulary	58
Preparation of the Formulary	58
Format and Appearance	59
Advantages and Disadvantages of Hospital Formulary	60
Questions	60

CHAPTER 7

Therapeutic Drug Monitoring

Need for TDM	61
Factors to be considered during TDM	61
Development of TDM Services	63
Problems in TDM	64
Indian Scenario for T.D.M.....	65
Cost Factor.....	65
Availabilities of Facilities.....	65
Conviction of Treating Physicians.....	66
Questions	66

CHAPTER 8

Medication Adherence

Introduction	67
Definition.....	67
Evidence of Non-adherence or Monitoring of Patient Medication Adherence.....	68
Methods of Assessing Non-adherence.....	68
Causes of Non-adherence	69
Results of Non-adherence.....	70
Remedy for Non-adherence- Pharmacist's Role	71
Conclusion	72
Questions	72

CHAPTER 9

Patient Medication History Interview

Introduction	73
Difference between Interview and Counseling	73
Need for Patient Medication History Interview.....	74
Pre-requirements for an Interview	74
Forms of Medication Interview or Structure of Patient's Case History	75
How to conduct a useful Interview?	75
Role of Body Language.....	76
Role of Prompts.....	77
Interview Questions.....	77
Essential Skills for Medication History Interview.....	78
Closing an Interview.....	79
Use of Patient's Case History in Evaluation of Drug Therapy	79
Questions	79

CHAPTER 10

Community Pharmacy Management

What is Management?	81
Community Pharmacy Management	81
Financial Management	82
Materials / Infrastructure Management.....	82
Human Resources/[Staff] Management.....	83
Questions	84

CHAPTER 11

Pharmacy and Therapeutics Committee

Introduction	85
Definition	86
Objectives.....	86

Organization	86
Primary Functions.....	87
Other Functions	95
Questions	95

CHAPTER 12

Drug Information Services and Poison Information Centre

Introduction	97
Need for Drug Information Centers.....	97
Suitable Person to be in charge of DIC.....	98
Establishing D.I.C.....	98
Sources of Information	99
Computerized Services	100
Indexing Services	100
Retrieval of Information	101
Poison Information Centre	101
Sources of Poison	102
Information about Poisons.....	102
Storage of Information.....	102
Providing Information	103
Questions	104

CHAPTER 13

Patient Counseling

Definition.....	105
Time of Counseling	105
Need for Counseling and Privacy	106
Classification	106
Suitable Person to Give Counseling	106
Special cases that require counseling.....	107
Steps involved in Counseling or Preparation for Counseling	107
Scope of Counseling or contents of Counseling	108
Effects or Uses of Counseling	109
Barriers or Problems in Patient Counseling.....	109
Questions	110

CHAPTER 14

Education and Training Program in the Hospital

Role of Hospital Pharmacist in Education and Training	111
Introduction	111
Internal Teaching Program	111
Teaching Patients and/ or their Attendants	112
External Teaching Programs	112
Community Health Education	113
Training	113
Services to Nursing Homes and Clinics ..	113
Code of Ethics for Community Pharmacy	115
Role of Pharmacist in Interdepartmental Communication	116
Questions	116

CHAPTER 15

Prescribed Medication Order and Communication Skills

Prescribed Medication Order as Inpatient Prescription.....	117
Prescribed Medication Order as an Outpatient Prescription.....	119
Communication Skills	120
Questions	123

CHAPTER 16

Budget Preparation and Implementation

Introduction	125
Definition	125
Factors Affecting Budget	126
Requirement/Characters of a Budget.....	127
Divisions of a Budget	127
Government Hospital Budgets (The Preparation Process)	128
Questions	129

CHAPTER 17

Clinical Pharmacy

Introduction	131
Need / Concept of Clinical Pharmacy.....	131
Definition.....	133
Basis of Clinical Pharmacy.....	133
Functions of Clinical Pharmacist.....	133
Skills required for a Clinical Pharmacist.....	136
Drug Therapy Monitoring.....	137
Definition.....	137
Duties involved in DTR.....	138
Medication Chart Review	139
Model Medication Chart	141
Clinical Review and Pharmacist Intervention	142
Alteration of Pharmacokinetic Parameters	146
Ward Round Participation	148
Preparation for Ward Round by Clinical Pharmacist.....	149
Skills needed for Ward Round.....	152
Medication History and Pharmaceutical Care	153
Principle and Practice of Pharmaceutical Care	155
Steps involved in the Practice of Pharmaceutical Care.....	155
Dosing Pattern and Drug Therapy based on Pharmacokinetic and Disease Pattern.....	157
Introduction	157
Requirements for arriving at a Pattern.....	157
Questions	161

CHAPTER 18

Over the Counter (OTC) Sales

Introduction	163
Reasons for Huge OTC Market	163
Common Conditions Treated with OTC Drugs	164
Advantages and Disadvantages of OTC Drugs	164

Sale of OTC Drugs	164
Rational Use of OTC Drugs	165
Moving Prescription Drugs to OTC Drugs List.....	166
Conclusion.....	166
Questions	166

CHAPTER 19

Drug Store Management and Inventory Control

Introduction	167
Importance of Store Keeping or Warehousing	167
Organization of Drug Store	168
Store Room Arrangement.....	170
Categorywise Storage of Inventory	170
Storage of Drugs.....	171
Storage Conditions	172
Purchase and Inventory Control	173
Introduction	173
Definitions	173
Purchase or Procurement.....	173
Purchase Procedure	175
Control on Purchases.....	176
Inventory Control	177
Inventory Levels.....	177
Questions.....	179

CHAPTER 20

Investigational use of Drugs

Introduction	181
Principles Involved.....	181
Classification.....	182
Identification of Investigational Drug	183
Role of Hospital Pharmacist.....	183
Advisory Committee	184
Committee Members and Participants.....	185
Committee Meetings	186
Questions	187

CHAPTER 21**Interpretation of Clinical
Laboratory Tests**

Patient Data	189
Need for Interpretation of Data.....	189
Fluid and Electrolytes Balance	190
Electrolytes	191

Balancing Electrolytes.....	192
Estimation of Electrolytes	192
Uses of Study of Electrolyte Balance	193
Disturbance of Electrolyte Balance	193
Haematology Data.....	193
Urinalysis	196
Questions	197
Reference Books.....	199
